# **Two solar parks break ground in Norfolk County**

SunEdison Canada and SkyPower Limited will break ground on two solar PV parks (on Port Ryerse Road and Windham Road) in Norfolk County. Called SunE Sky Norfolk I and II, the projects will produce over 19 million kWh of solar energy in their first year of operation. The event will be held at the SunE Sky Norfolk I site on Port Ryerse Road.

## **WHEN:**

Thursday, March 25, 2010, 11 am

## **WHERE:**

336 Port Ryerse Road, Norfolk County, ON

*(south of Main St./Highway 6 and east of Norfolk Street South/Highway 24)*

## **About SunEdison**

*SunEdison is North America's largest solar energy services provider. The company finances, installs and operates distributed power plants using proven photovoltaic technologies, delivering fully managed, predictably priced solar energy services for its commercial, government and utility customers. In 2008, SunEdison delivered more kilowatt hours (kWh) of energy than any other solar services provider in North America. For more information about SunEdison, please visit [www.sunedison.com](http://www.sunedison.com). SunEdison is a subsidiary of MEMC Electronic Materials.*

## **About SkyPower Limited**

*SkyPower Limited is Canada's largest developer of solar energy projects. The company has an extensive pipeline of projects at various stages of development representing hundreds of megawatts of potential nameplate capacity across North America. SkyPower prospects, develops, manages, finances, owns and operates solar energy projects from initial discovery stages through to commercial operation. SkyPower helps many different jurisdictions meet their increasing demand for cleaner, non-emitting renewable energy solutions. For more information, visit [www.skypower.com](http://www.skypower.com).*
