

Media Advisory – SunEdison to Host Public Meeting for Ingleside Solar Farm Project

On Tuesday, July 27, SunEdison, a subsidiary of MEMC Electronic Materials will host a public open house regarding the SunE Rutley Solar Farm, a 10 MW solar project planned for Ingleside, Ontario. The meeting will provide information about the proposal. SunEdison welcomes public comments.

Details of the event are as follows:

WHAT: Public Information Session SunE Rutley Solar Farm Project

WHEN: Tuesday, July 27, 2010, 5 pm to 8 pm

WHERE: Lancer Community Centre (Rothwell-Osnabruck School Gym)
1 College Street, Ingleside, ON

More information on the project and the meetings can be found at:
www.sunedison.ca/Rutley

About SunEdison

SunEdison is North America's largest solar energy services provider. The company finances, installs and operates distributed power plants using proven photovoltaic technologies, delivering fully managed, predictably priced solar energy services for its commercial, government and utility customers. For more information about SunEdison, please visit www.sunedison.com

About MEMC

MEMC is a global leader in the manufacture and sale of wafers and related intermediate products to the semiconductor and solar industries. MEMC has been a pioneer in the design and development of wafer technologies over the past 50 years. With R&D and manufacturing facilities in the U.S., Europe and Asia, MEMC enables the next generation of high performance semiconductor devices and solar cells. With the acquisition of SunEdison, MEMC is now a developer of solar power projects and North America's largest solar energy services provider. MEMC's common stock is listed on the New York Stock Exchange under the symbol "WFR" and is included in the S&P 500 Index. For more information about MEMC, please visit www.memc.com.
