The Community Power Conference 2010 is Ontario's annual gathering of Community Power producers, proponents and supporters. Together with the Power Networking Centre trade show, the conference attracts industry regulators, commercial and community power generators, farmers and First Nation and Métis delegations.

The Community Energy Partnerships Program (CEPP) provides support for community power projects developed by Ontario charities, not-for-profits, co-ops as well as individual Ontario residents, such as farmers. For more information visit www.communityenergyprogram.ca.
