Green Energy Ontario 2.0 - Third Annual Ontario Sustainable Energy Association Conference

Community Power Conference 2011 Final Agenda announced

WHAT:

Join the Ontario Sustainable Energy Association for its third annual Community Power Conference to hear about and discuss the FIT review, *Green Energy Ontario 2.0*, and practical training on how to drive community-led and community-commercial project partnerships.

Also, join the industry's sustainable energy champions and Ontario's top chefs at the Steam Whistle Brewery as we throw the sector's best and most exclusive social event, the *Green Connection*, on Monday, November 14th.

While attending the conference, be sure to tour our [Power Networking Centre trade show](#), held in partnership with the Association of Power Producers of Ontario.

FEATURED SPEAKERS and PANELISTS INCLUDE:

- Hon. Chris Bentley, Ontario Minister of Energy (welcome address at Green Connection)
- Colin Anderson, Chief Executive Officer, Ontario Power Authority
- Paul McKay, former OSEA director and past senior policy advisor to Ontario Ministry of Energy
- John Spears, Reporter, Toronto Star
- Tom Rand, Cleantech Advisor, MARS
- Nicholas Parker, The Cleantech Group
- Jose Etcheverry Ph.D., Co-Chair Sustainable Energy Initiative, Assistant Professor, Faculty of Environmental Studies, York University

See the full conference program, list of speakers and other conference details [here](#).
