Response to Toronto Hydro planned layoffs and the impact on its services

Giselle Matin, representing Keep The Lights On (a consortium of labour and private contractors who work with Toronto Hydro to keep the lights on in the City), is available to speak to the consequences of the recent Ontario Energy Board decision that slashed Toronto Hydro capital spending.

Ms. Matin can speak to:

- Size of layoffs and the types of jobs impacted
- The impact on the reliability of the Toronto Hydro system
- What this means to Torontonians living in areas where planned upgrades were scheduled but will now be cancelled
