

EnerQuality Housing Innovation Awards- Media Credentials Available Forum and Awards on Thursday, February 23, 2017 in Vaughn, Ontario

Want to feel better informed and prepared for next year's business challenges and have a good time - then the EnerQuality Housing Innovation Forum and Gala is where you need to be.

EQ Housing Innovation Forum is a concentrated infusion of new thinking, new products and new techniques with the common benefits of advancing building performance. Topics being explored include innovation in building science, best practices for sales and marketing of high performance homes, climate change policy and more!

The Forum of the day leads to the Awards of the evening, as we look back on the best of the industry with this year's Awards Gala. Enjoy an evening of music, cocktails, dinner and the awards-ceremony-highlight of the evening.

Seven things you need to know about Innovation Forum 2017:

- Email huffd@ecostrategy.ca for Media Credentials to cover Forum and Awards
- **The 2017 Innovation Forum theme is New, Now, Next**, with business critical topics: Best practices in Sales and Marketing for high performance homes; Building Science innovation; Climate Change Policy and more!
- **A new location**, we have moved west to the Universal EventSpace at [6250 Highway 7, Vaughan, ON L4H 4G3 near Highway 400 and Highway 7](#).
- **The Innovation Gauntlet**: five exhibitors from the Innovation Showcase will compete in front of a "Dragon's Den" panel of industry leaders. Audience members will vote on the winners!
- **The Awards Gala** will be bigger and better
- **The EQ Awards nomination deadline is January 20th 2017** you can nominate a deserving recipient in any of 11 categories by going to <http://www.eqinnovation.ca>
- **Forward-looking speakers and panelists** to inspire your business planning

All information about the Gala is available on the EnerQuality Housing Innovation Forum:
