BOMA Toronto's Conservation and Demand Management Program

The BOMA CDM Program

(Toronto, February, 2010) Building on the momentum of its recently doubled incentives, The Building Owners and Managers Association of the Greater Toronto Area's (BOMA Toronto) Conservation and Demand Management (CDM) Program is continuing with additional dates for its popular information sessions. Almost 300 people have already participated.

The BOMA Toronto CDM Program is convening a series of free briefing sessions on the BOMA CDM Program and energy efficiency for commercial properties during 2010.

The BOMA CDM Program funds retrofits in commercial buildings of 25,000 square feet or larger in the 416 telephone exchange area. The info sessions will to provide details on:

Overview of BOMA Toronto's CDM Program

- Accessing financial incentives
- The Tenant Incentive Program (TIP)
- The Energy Conservation Assessment Program (ECAP)
- Eligible technologies
- Eligible project costs
- Relative case studies
- Application process

Building owners and managers, building maintenance supervisors, contractors, energy consultants and product and service providers of Toronto are encouraged to attend.

Below is a schedule for the upcoming information session dates that will be held downtown Toronto:

Wednesday, February 24th

Wednesday, March 10th

Wednesday, March 24th

Wednesday, April 14th

Wednesday, April 28th

Sessions to be held in North York:

Wednesday, March 3rd

The locations of all the sessions is to be determined. All sessions are from 9:30 to 11:30am. We will be serving refreshments. There is no cost to attend.

To register, email training@bomacdm.com and provide your contact name, title, company name, telephone, extension and email.

Additional training sessions in North York are currently being considered. Seats fill up quickly, so register now!

For further information on the sessions or about BOMA Toronto, please visit www.bomacdm.com, email us at info@bomacdm.com or contact the BOMA CDM Program team at (416) 440-0101.

*The **BOMA Toronto CDM Program** has been contracted to deliver electricity conservation to the Ontario commercial real estate market as part of the Ontario Power Authority's larger plan to deliver 6300 megawatts of electricity reduction in Ontario from various sources. The available incentives, capped at 40% of the eligible projects costs, are for on-peak demand, annual consumption or cooling ton reduction. The Program is designed to maximize participation by the avoidance of both 'process' and 'contractual' complications and the quick delivery of incentive payments.*

OM Official mark of the Ontario Power Authority.
